

Becky Callan Gamble

President, Broker

CAREER SUMMARY

A former All-American Collegiate tennis player and touring professional, Becky Callan Gamble redirected her competitive nature into her Father's commercial real estate company in 1992. Using the same basic fundamentals that Dean Callan portrayed for thirty years, integrity, honesty, creativity and hard work, Becky has established herself as one of the top performers in Boulder's commercial real estate market. As a lifelong resident, she is able to leverage her local market knowledge to establish long-term relationships with owners and users of commercial space. To that end, she has built up a clientele list which includes international and domestic pension funds, national tenants, and local individual companies requiring commercial representation.
